Open blockchain platform that lets anyone build & use decentralised applications

## THE REVOLUTION OF CRYPTOCURRENCY

### VEREUM FAQ

**Welcome to the revolution of cryptocurrency. Contribute to Vereum and be on the journey of this new generation.**

Below are some of the main questions about Vereum. If they don't answer your questions feel free to email us at [support@vereum.io](mailto:support@vereum.io)

#### WHEN DOES THE PUBLIC ROUND START?

The Public Round will start via a Pre-Sale on 5th May 2018, and the Initial Coin Offering (ICO) will close mid-June.

#### HOW DO I PARTICIPATE?

You can participate by purchasing VMC token in the 'Contribute' section of the Dashboard. Payment will be accepted in BTC and ETH.

#### CAN I BE SURE THAT I WILL RECEIVE VMC TOKENS?

When you have clicked confirm on the buy section you will automatically receive the equivalent VMC tokens into your wallet. You can then send and receive VMC tokens, or even create your own coin or application.

#### WHAT IS EXPECTED VALUE OF VMC TOKENS?

The VMC value cannot be accurately recommended because it will be determined by market valuation. However, we believe that this project will revolutionise the cryptocurrency industry, and therefore are confident that it has the potential to be a \$50+ digital asset.

#### WHO CAN PARTICIPATE IN THE CROWDSALE?

Anyone can join to crowdsale, but it is important to determine if it is possible in a given jurisdiction to participate in tokensale. Please check regulatory restrictions in your country or state and read the terms.
